

Daniel 3

1. King Nebuchadnezzar seemed to have a problem with anger, and he let it cause him to make the wrong decisions. (3:13, 19-20, & also 2:12) To what degree do you have a problem with anger, and how has it led you to make wrong decisions? How has your Christian faith helped you to control your anger and not act on it?
2. In what way did Shadrach, Meshach and Abednego express their faith? What could it have cost them? (3:16-18) How does our love for God, and respect for our earthly authorities relate to each other?
3. How were Shadrach, Meshach and Abednego rewarded for their faithfulness to God? (3:24-30) How have you been? Why does God not always rescue his people like He did for them?
