

Ephesians 3:1-13

1. We learn a good deal about Paul in these verses. How does he describe himself here? How did he say he experienced God's grace in his life? What does he say his purpose is? What do these things teach you about your life?
2. Describe the mystery referred to in these verses that God kept hidden from people before Paul's time. How did Paul come to know what it was? How did other spiritual leaders of God come to know what it was? Has God revealed things to you through either of these methods? What? What other methods can we use to know the things of God?
3. What do these verses say that God wants the Church to do? Do you think it is doing this?
4. What does verse 12 say our faith in Christ Jesus enables us to do? Is this happening in your life?
